

Enjoy
First class armchairs,
Awesome seat pitch,
Amazing culinary treats,
Selected wines and perfect service.
One world, two atmospheres: our Bistoloungeliner.

Welcome on board of Europe's most innovative Bistoliner. Over 30 years of experience in the bistro bus segment makes for you the perfect harmony of relaxation, comfort and culinary experience.

Only once existent in Germany on board of a Setra bus, you can choose between two seat categories. In the back of the bus on the main deck you'll find our GIGAFirst-Class. There await you 16 exclusive armchair of the latest generation in amazing 1+2 arranged seating. The special thing here is the more spacious seats, wider armrest and bigger headrest. In front main deck is the GIGABusiness-Class. Here the seating arrangement is 2+2. The combination of over 90 cm seat pitch and modern armchairs allows you unlimited well being.

In the GIGALounge deck await you culinary treats. You have the choice, on our menu everyone can find the right choice. A feature to mention is that every dish gets served on porcelain tableware, the drinks of course in the fitting glass. Our stewardess also serves, on request, on the main deck right to your seat. Every travel should start with a good glass of wine, because of that we serve in our Bistoliner carefully chosen noble grape cultivars. Of course you can find, suited to the occasion, champagne on our wine card. Needless to say, we also have a WC on board which is open to use at any time. Even during take off and landing. On board of the Bistoloungeliners is the WC into the GIGALounge integrated.
